Write resource # on back of all prints.

COMMENTS/HISTORICAL INFORMATION:

Located on the north side of KY. 10, about .65 miles from the intersection of KY. 10 and Osborne Road, this property is a 1.5 story frame, gambrel-roofed dwelling clad in composite shingles, and resting on a concrete block foundation. The house has 3/1 paired Craftsman-style double-hung wood windows on either side of the central front door; the rest of the windows are single 3/1 wood windows. Shutters are located on either side of the windows, on both the front façade and on the sides of the house. A small one-story rear section of the house appears to be original. The house has full-width front porch with a hipped asphalt shingle roof which appears to be undergoing renovation; the porch posts have been removed. The house is currently vacant.
